Correspondence ending with the following letters with regard to the supply of clothing required for the use of the Police and Forest Departments :—

- (1) No. 60—9, dated 5th July 1896, from the Inspector General of Police.
- (2) No. 2711—214, dated 26th January 1897, from the Conservator of Forests: and
- (3) No. 2071, dated 24th March 1897, from the Military Secretary to Government.

No. 9132-34—Ft. F. 23-95, DATED, BANGALORE, 16TH APRIL 1897.

ORDER THEREON.—On a perusal of the correspondence read above, and after giving the subject their best consideration, the Government are of opinion that no appreciable saving is likely to accrue in the cost of articles of clothing required for the Police and Forest Departments by getting the same prepared at the Military

Stores, and that the Heads of those Departments may be left to make their own arrangements so as to ensure the utmost economy compatible with the supply of the best material.

2. With a view to avoid the necessity for maintaining any expensive establishments, Government would, however, suggest that the system of inviting tenders for the supply of clothing and letting the same out on contract, which obtains in the Madras Presidency and in the Civil and Military Station of Bangalore, may, with advantage, be adopted if it is not already in force in Mysore.

Government Proceedings No. 4046-54—Ft. 240, dated 22nd October 1895, calling for a list of the insignificant items of minor forest produce the sale of which has been given up with a view to prevent purchasers and their agents or servants from having free access to Government forests and destroying or damaging trees therein.

Correspondence ending with the following:—

1. Letter No. 3012-237, dated 20th February 1897, from the Conservator of Forests in Mysore.

With reference to your letter No. 10235—Ft. F. 2-95, dated 21st May 1896, and subsequent reminders, forwarding the original lists received from certain districts of items of minor forest products proposed to be eliminated from the annual bazars and calling for an explanation of the difference between the lists furnished by my office and those furnished by the districts, I have the honor to report as follows:—

2. The Deputy Commissioner, Bangalore, proposed a separate set of items for District and State forests, whilst the other Deputy Commissioners proposed one set for both. I preferred the latter course and accordingly submitted a list expunging from the district lists such of the items as are articles of commerce and should therefore be retained for sale in the present or future. In the Bangalore list, marking nut, tarekayi, jack and mango were retained for annual sale. I find that karekayi, a wild fruit, has been entered in the docket to your address, whereas tarekayi which is used for tanning has been entered in the docket addressed to me, and the latter appears to have been intended as confirmed by the enclosed copy of the District Forest Officer's docket No. 365, dated 16th March 1896. There is no objection to karekayi being excluded from sales. I am of opinion that the marginally noted articles (drugs) proposed to be excluded and regarding which I have been in correspondence with the Deputy Commissioners, should, for the present, be retained on the sale list, pending the result of the experimental sale during 1897-98. I have, therefore, subject to approval, excluded those articles from the present list.

Putrajeswara.
Angaladhipa.
Chikladhipa.
Chikadhipa.
Jaharadhipa.
Mird.bija.

3. As regards the difference of two items in the Tamkur district, attention is invited to the Deputy Commissioner's letter No. 258, dated 5th September 1896, copy communicated to me with your endorsement No. 3077—Ft. F. 2-95, dated 19th idem.

4. The Deputy Commissioner, Kolar, explains that he omitted four items, viz., tupre, gutti, mallali and mindi in the list furnished to you as "they were considered too insignificant and had been only occasionally sold in State and District forests." If so, I would all the more readily recommend their being excluded.

5. In the Hassan district, I removed mango from the list as this fruit is generally included in village amarayi and leased out.

6. The Deputy Commissioner, Shimoga, explains that the additional four items were subsequently entered in his docket to your address, on receipt of the District Forest Officer's report as to the items actually given up and of these he now proposes to retain tarekayi, in which I concur.

7. A copy of the revised list obtained from the Deputy Commissioner, Mysore, is submitted as desired and it will be seen therefrom that the Deputy Commissioner proposes a separate set for State and District forests, which might be consolidated into one as most of the fruits to be had in State forests are forthcoming in District forests also. In his letter No. 579, dated 31st December 1895, (copy enclosed) the Deputy Commissioner distinctly states that "no edible wild fruits grown in the district jungles are sold except wood-apple," which appears to have been entered as tamarind by mistake. In addition to wood-apple he proposes to sell custard apple when available in District forests.

8. I beg also to submit copy of a second statement obtained from the Deputy Commissioner, Kadur, showing the items not sold at present in certain taluks of his district. The items such as patangachakke, kapilarangu, kalluhann and wood-apple reported to be available in the Chikmagalur taluk but not sold at present, may be sold, as in the Tarikere taluk, with the addition of custard apple which I have requested, may be done. Excepting the above items the others may remain excluded as at present.

9. In conclusion, I beg to enclose a consolidated statement called for in para 1 of your letter under reference and to return the enclosures thereof with the remark that additions to the list may be made hereafter as occasion arises.

2. Docket No. 8162—Ft. 502, dated 21st March 1897, from the Secretary to the Government, General and Revenue Departments, to the Conservator of Forests in Mysore.

His letter No. 3012—237, dated the 20th February 1897, submitting a revised consolidated list of certain insignificant items of minor forest produce excluded from annual sales.

With reference to the above, has the honor to request information as to how the said items of minor forest produce are proposed to be dealt with; whether they are to be collected departmentally or to be left to poor people to take away free of payment, under restrictions as to license, &c. If the latter, the Conservator is requested to submit for information the restrictions he would consider necessary in the interests of our forests.

3. Letter No. 3667—271, dated 31st March 1897, from the Conservator of Forests in Mysore.

In reply to your docket No. 8162—Ft. 502, dated 21st instant, I have the honor to state that the items excluded from annual sales in *District Forests* are insignificant edible wild fruits and berries, the disposal of which would hardly bring in any or appreciable revenue but the grant of which, free to the villagers, may be a great boon to them.

2. I do not, therefore, propose to collect or lease out such produce or to impose any restriction on its collection in the shape of permits, &c., unless the necessity for such restrictions should hereafter become apparent.

3. The concession does not apply to State forest or any portions of District forest placed in charge of the Conservator under Section 16 of the Rules or closed to license-holders under Proceedings No. 8684 92—Oir, 147 of 8th November 1891, and villagers may be warned that any abuse of the privilege tentatively conceded or the commission of any act in the exercise of such privilege likely to injure the forest may lead to its being withdrawn and to the person or persons concerned being prosecuted under the Forest Rules.

No. 9386-94—Ft. F. 2-95, DATED, BANGALORE, 27TH APRIL 1897.

ORDER THEREON.—The proposals made by the Conservator, for regulating the exercise by villagers of the privilege temporarily conceded to them with regard to the free collection of the minor forest products enumerated in the consolidated list, are approved and communicated to the Deputy Commissioners of districts for information and enforcement.

Statements of estimated jamabandi under the head "Forest" for the year 1896-97, received from the Deputy Commissioners of districts.

No. 9375-83—Ft. F. 116-95, DATED, BANGALORE, 27TH APRIL 1897.

ORDER THEREON.—The accompanying statement prepared in this office shows that the total estimated jamabandi under the head "Forest" for the year 1896-97 shows a falling off of Rs. 1,56,799, being Rs. 11,11,702 against Rs. 12,68,501 in the year 1895-96.

2. The greater portion of this decrease appears to be due chiefly to want of favorable bids in the sale of sandalwood and to the suspension of the issue of licenses for the collection of tangadi bark. The districts largely contributing to the said decrease are Hassan with Rs. 90,380, Shimoga with Rs. 58,859, and Kolar with Rs. 6,714.

Letter No. 66, dated 16th March 1897, from the Inspector of Agricultural Banks, suggesting, with reference to Government Proceedings No. 5096-105—Fl. 412, dated 5th December 1895, that in order to save unnecessary correspondence and delay, all proposals in respect of Agricultural Banks may be sent to him direct by the members concerned, so that he may get complete information from the Amildars and submit his report through the Deputy Commissioners, applications for Rs. 50,000 and above being enquired into by himself and reported upon, and soliciting definite instructions as to his duty in connection with advances for Irrigation Wells, Land Improvements, &c.

No. 8926-34—Fl. 777, DATED, BANGALORE, 8TH APRIL 1897.

In all important cases, as well as in doubtful cases, the Inspector of Agricultural Banks will also hold a local enquiry before forwarding the reports of the Amildars with his opinion.

2. Applications for loans for Land Improvement and for Irrigation Wells may continue to be dealt with by Amildars and Deputy Commissioners as hitherto, important or doubtful cases being, however, referred to the Inspector of Agricultural Banks for report or opinion.

Letter No. 3606—865, dated the 19th March 1897, from the Deputy Commissioner, Kolar district, recommending the establishment of an Agricultural Bank at Sabbanaahalli in the Goribidnur taluk.

No. 8995-98—R. F. 120-96, DATED, BANGALORE, 13TH APRIL 1897.

ORDER THEREON.—Chenchu Reddi and 19 others pray for the establishment of an Agricultural Bank at Sabbanaahalli in the Goribidnur taluk. The Bank is intended for the benefit of Sabbanaahalli and 12 other villages situated in close proximity to one another. The value of the property owned by the members is estimated at Rs. 35,678 with an encumbrance of Rs. 8,700, of which Rs. 400 are stated to have been advanced by Government for irrigation wells. The members propose to start the Bank with a capital of Rs. 25,000, of which the Deputy Commissioner recommends Rs. 20,000 being advanced by Government. Under these circumstances, Government are pleased to sanction an advance not exceeding Rs. 20,000, which the Deputy Commissioner will place in the Goribidnur Taluk Treasury for the purpose of being drawn as necessity arises. Interest at four per cent per annum should be recovered half yearly from the Bank, up to 30th June and 31st December of each year, on the sums actually borrowed by the Bank. The Memorandum and Articles of Association will be returned to the Deputy Commissioner with a request that he will take early measures to get the same duly registered.

2. Early steps should be taken to see that the existing encumbrances are all discharged and that the title-deeds and other documents are all taken back and properly secured.

Government Proceedings No. 8621-56—Fl. 290, dated 5th October 1896, directing the submission of separate Refund Bills in respect of each individual claim.

Letter No. 1372, dated 8th March 1897, from the Deputy Commissioner of the Mysore District, representing the inconvenience felt in the matter of submitting separate Refund Bills when, in a single case, such as the breach of a tank, several persons owning lands are entitled to the refund of the money paid by them.

Also:—

Letter No. 6245, dated 31st March 1897, from the Comptroller to the Government of Mysore.

With reference to your Memo No. 8200—Fl. 688, dated 19th March 1897, forwarding for my opinion No. 1372, dated 8th idem, from the Deputy Commissioner, Mysore, regarding the payment of Refund Bills, I have the honor to state that under Article 247 (c) a refund cannot be made on the receipt of an official and lodged in deposit pending demand, and it is much more therefore objectionable to draw the amounts due to several parties on the receipt of an official and to keep the unexpended balance in his private chest, without bringing the same into public account. Further no watch can be kept over such balances, nor can this office see that payment has as a fact been made, and has been made to the proper person, which is one of the main objects of audit, and which is not fulfilled under the present system of audit.

2. It is true in the case of Establishment bills the pay of those officials who do not present themselves for payment is kept with the Heads of Departments but only up to the end of the month, when the amount is refunded by short drawal in the next bill, but not remitted to Treasury in cash, as stated by the Deputy Commissioner. If that procedure be adopted in the case of Refund Bills as suggested, the unexpended amounts may remain with the Officer who drew it for any length of period, and may altogether perhaps escape the attention of the Audit Department.

3. Under the same Article quoted above, refunds can be drawn only on the appearance and on the receipt of the person entitled to receive the amount sanctioned to be refunded.

4. The only objection which the Deputy Commissioner raises is on the score of the extra clerical labour involved in repeating the same remarks and identical reasons in the numerous individual bills pertaining to the single case.

But the work can be minimized by using printed forms in all cases and submitting a consolidated bill in which the names of the several parties may be entered, giving consecutive numbers with the remarks and reasons entered in the column provided therefor against all the names accompanied by individual bills bearing the corresponding numbers as subsidiary bills in which remarks and reasons and the Treasury Officer's certificate need not be repeated.

5. The sanction of the Government being recorded on the consolidated bill and sent to this office with the subsidiary bills, the latter will be duly audited, registered and sent to the Deputy Commissioner for payment being made to the parties as they appear, after obtaining their acquittance duly recorded on the bills as required by the rules. Sample bills are sent herewith.

The following letter No. 6241—461, dated 5th April 1897, from the Comptroller, Mysore Government :—

I have the honor to bring to notice the difficulty that is experienced in procuring trained men to fill temporary vacancies in my office caused by men going on leave. Men appointed to act for officials on leave, &c., after the absentees' return, leave the office after gaining some experience in accounts, and it is often found not possible to get these same men again when subsequent temporary vacancies arise. To obviate this difficulty, I beg to propose that I may be empowered to appropriate the savings from the pay of my establishment up to a limit of Rs. 50 per mensem, to pay such men, when they are not otherwise provided for, some small allowance as an encouragement for them to remain in this office as apprentices and take their chances of future vacancies, any savings in excess of Rs. 360 per annum, being credited to Government.

In British Account Offices Accountant Generals are permitted to utilize for this purpose the savings in the pay of their establishments up to Rs. 200 a month in addition to the sanctioned annual grant for temporary establishment, *vide* Articles 1674 and 1675 of the Civil Account Code, Volume II. I beg that should the matter commend itself to Government, sanction may be accorded to my proposal as early as practicable.

No. 9089—Fl. 801, DATED, BANGALORE, 17TH APRIL 1897.

ORDER THEREON.—The arrangement proposed in the above is sanctioned.

PETITION.

Proceedings of the Government of Mysore,

READ:—

(1) Petition Registered No. 2709, dated 16th February 1897, presented by Anati Ramadasappa and other holders of wet land below the tank called Anati Talav in the Channarayana taluk, appealing against the order of the Deputy Commissioner of Hassan, declining to recommend remission of wet assessment due by the petitioners for the current year on the ground that crops were reaped in the month of July.

No. 9048-55—Pet. 1541, DATED, BANGALORE, 16TH APRIL 1897.

ORDER THEREON.—The petition read above is forwarded to the Deputy Commissioner for a full report.

2. It is the settled policy of Government not to grant remissions for lands, if, as an individual case, the tank on which such lands are dependent does not obtain a supply of water in any year on account of deficient rainfall. But, if such loss of crop is general in any locality, and there is consequent distress, Government will be prepared always to act, of their own accord, to relieve such distress, and, in such a contingency, the partial remission of Government assessment will not unusually be one of the measures of relief adopted by Government. This policy must be explained clearly to all applicants for remission, and the Deputy Commissioner must also regulate his action in accordance with these principles. The endorsement which the Deputy Commissioner gives to such petitioners must be full and explain fully the circumstances of the case, so that Government may at once dispose of petitions submitted to them after disposal by the Deputy Commissioner.

No. 9190-222—PET. 1566, DATED, BANGALORE, 20TH APRIL 1897.

ORDER.—It having been brought to the notice of Government that an Amildar granted to a petitioner a copy of his report to the Deputy Commissioner, Government observe that the practice is objectionable and should be discontinued.

2. The general principle is that no copies of reports submitted to a higher authority should be given except with the permission of such authority.

PUBLIC WORKS.

Proceedings of the Government of Mysore,

READ—

The following Note by the Chief Engineer of Mysore, dated 16th March 1897, on the Final Issue of the Sanitary Works Budget for the year 1896-97—

I submit for early sanction of Government, the Final Issue of the Sanitary Works Budget for 1896-97, amounting to Rs. 2,00,000, or Rs. 13,000 more than the original grant as shown below, the increase being mainly due to additional allotments required for works detailed in Part III—

		Final Issue.	Preliminary Issue.
		Rs.	Rs.
Part I—Government Grants-in-aid and Recoverable Loans			
to Municipalities		1,00,000	1,00,000
Part III—Special Grant Works			
Establishment		41,800	27,600
Tools and Plant		56,200	54,500
		2,000	5,500
		2,00,000	1,87,000

Part I.—The grant under this head, namely, one lakh, is the same as that provided in Preliminary Budget, but some of the works entered in that Budget, the plans and estimates for which it has not been possible to prepare in time, have been struck out, while others, not originally provided for, have been brought forward, as projects for them have, since the Original Budget was framed, been sanctioned by Government. Allotments for works in progress have, in some instances, been increased according to requirements reported by the Sanitary Engineer. An allotment of Rs. 19,000 for improving and extending the town of Davangere, (Estimate Rs. 18,996) has been provided as directed in Government Proceedings No. 617-9—3387-9, dated 4th July 1896, in which it was ordered that the outlay should be met from the Sanitary Works Budget; the work has already been carried out by the Revenue Department.

Part III.—The allotments provided for the works under this head are reported by the Sanitary Engineer to be necessary to ensure completion. The sum of Rs. 4,000 provided for the water-supply of the Chikmagalur town from Local Funds General (from which source the work was undertaken), is required for closing accounts. Sanction to this amount is also solicited.

Establishment.—The charges under this head have been increased from Rs. 54,500 to Rs. 56,200—vide details in Budget. This establishment supervises also the Mysore and Bangalore Water Distribution Works, which are under the control of the Sanitary Engineer.

No. 258-73—1528-43, DATED, BANGALORE, 9TH APRIL 1897.

ORDER THEREON.—The Final Issue of the Budget Estimates for Sanitary Works for 1896-97 is sanctioned for Rs. 2,00,000 as noted below, with the observation that the establishment charges therein provided for relate not only to Sanitary Works of that Budget, but also to works costing Rs. 1,25,000, belonging to the "Sanitary Engineer's Circle" in the D. P. W. Budget, and that these charges should be distributed to the two Budgets in due proportion.
